

Phonics Progression
at Beavers Community Primary School

Beavers Community School's sequence of progression ensures that teachers have high expectations for coverage. Quality teaching means that the scheme is rigorous and challenging. It embeds GPC knowledge whilst teaching children how to apply this to independent reading and writing. Rehearsing the application of known GPC's is at the core of our teaching sessions ensuring that all children make progress in every session.

Year Group	Expectations for Coverage
Nursery	Phase 1
Reception	Phase 2 - Phase 4 (Phase 1 skills running throughout the year)
Year One	Phase 4 consolidation - Phase 5
Year Two	Phase 5 consolidation - Spelling Rules & Patterns
Year Three - Six	Spelling Rules and Patterns

Phase 1:

All aspects should be experienced by all children to lay the best, most secure foundations. Aspects 1-6 can be delivered in any order. The children should experience them all in many different ways. They can be differentiated to challenge the most able of children and should not be overlooked at something 'less important' than Phases 2-5. Aspect 7 is something that, once introduced, can continue to be delivered alongside Aspects 1-6 as well as Phase 2 teaching in the Reception year.

NB. If a child has not mastered Aspect 4 and is unable to Rhyme, this should not hold them back from starting Phase 2 in Reception but it should continue as something the children need to experience in their playful situations, stories and singing.

Aspect 1: General sound discrimination – environmental sounds

Aspect 2: General sound discrimination – instrumental sounds

Aspect 3: General sound discrimination – body percussion

Aspect 4: Rhythm and rhyme

Aspect 5: Alliteration

Aspect 6: Voice sounds

Aspect 7: Oral blending and segmenting

**skills to continue to be incorporated into phase 2 teaching.*

Phase 2:

As soon as the children are able to recognise the first set of GPC's they can begin to rehearse and apply their oral blending and segmenting skills to reading and writing.

Children need to have lots of modeling of letter formation and how to blend words using 'pure sounds.'

Set 1: s a t p

Set 2: i n m d

Set 3: g o c k

Set 4: c k e u r

Set 5: h b f ff

Set 6: l ll ss

Phase 3:

Set 1: j v w x

Set 2: y, z, zz, qu

Set 3: ch (chair) **sh** (shark) **th** (thumb) **ng** (king)

Set 4: ai (snail) **ee** (tree) **igh** (light) **oa** (boat)

Set 5: oo (moon) **oo** (book) **ar** (car) **or** (fork) **ur** (fur)

Set 6: ow (cow) **oi** (coin) **ear** (ear) **air** (hair) **er** (teacher)

Phase 4:

Revise all previous GPCs learned so far whilst learning new skills and applying them to reading and writing in a more challenging way.

- Reading and writing CVCC and CCVC words (e.g. just, lamp, chest, pram, drum, fresh)
- Reading and writing words containing digraphs (e.g. brown, snail, ladder, charm)
- Reading compound words (e.g. raincoat, handstand, chopstick, lunchbox)
- Reading polysyllabic (more than one syllable) e.g. faster, parking, hospital
- Reading CCVCC (e.g. ground, stings, twist)
- Writing words on a line, remembering when to use a descender and an ascender.
- Writing short sentences using a mixture of CVCC, CCVC, compound, words with more than one syllable and sight words. e.g. The fast chap ran under the car park.
- Regular misconceptions: Children regularly hear these adjacent consonants incorrectly...

jrum instead of drum
jrop instead of drop
sboon instead of spoon
sbot instead of spot
chree instead of tree
chrap instead of trap
sdop instead of stop
sdick instead of stick

Our Aim for Teaching Progression...

All suggestions for progression will be carefully considered in line with the cohort's needs and stage of development, using professional judgment and discussion with the subject leader.

Teaching Phoneme and Grapheme Correspondences (GPC's) is only a small element to the teaching of phonics. A huge emphasis is placed on the **application** of known GPC's to reading and writing. Every phonics session must include:

Children must learn **four** GPCs a week with a day to consolidate and revise GPCs requiring reinforcement.

All sessions must be fast-paced, rigorous, challenging and no longer than 30 minutes for EYFS and KS1, 15 minutes for KS2

Assessment

The Beavers Phonics Assessment should be updated termly to ensure children are grouped appropriately. Formative assessment should take place during phonics sessions to ensure children have an understanding of the new taught GPC. Regular teacher assessment (involving observation as the children apply their knowledge to reading and writing) will always be the most effective way to ensure early identification of children who need additional support and are given the opportunities they need to develop into independent, confident and successful readers and writers.

Children that are new to the school are assessed to identify any gaps within their phonic knowledge and interventions are put in place for our lowest 20%.

Regular assessment is vital to ensure early identification of children who may need further support with phonics. This could be through interventions or daily classroom teaching. These children will have the opportunity to revisit phonics skills taught earlier in the day as part of a small group or one-to-one.

Catch Up

In Reception and Year 1, 10 minutes is spent on 'catch up' sessions which will take place after the whole-class session. It involves practise of the previously learnt grapheme and word reading practise, using resources and activities from the whole-class sessions, delivered by a fully trained member of staff.

Other children in need of 'catch up' sessions include children that are new to the school, children who did not pass Phonics Screening /not reading at age appropriate levels, SEN and EAL.

Grouping

Children will progress through our phonics scheme at different rates. It is, therefore, important that children work at the level that is appropriate for them. The previously learnt GPCs need to be secure before any new GPC is introduced.

Moving children on too quickly, without securing previously learnt GPCs, will allow knowledge and skills gaps to form and cause problems later on, particularly with spelling. Children will therefore need to be grouped and taught with other children working at the same level.

Reasonable adjustments will be made during daily phonics teaching including; providing a simplified or more challenging writing and reading tasks and use of additional, appropriate visual aids particularly for our SEND and EAL children.

Teaching

- All children must be taught to form their letters using the handwriting rhymes/stories.
- All children must be encouraged to use sound buttons for reading and blending where necessary.
- All children must be encouraged to use 'phoneme fingers' and phoneme frames to count the phonemes when first learning to write using new GPC's or when rehearsing writing.
- All children must be encouraged to position their writing on the line, thinking about ascenders and descenders. (whether on a whiteboard or in an exercise book)
- All children must be actively encouraged to 'ask the question,' to embed the knowledge of the various GPC's and to develop an understanding of spelling rules and patterns.

'Ask the question'

From the moment the children have covered the three different ways that the phoneme 'c' can be represented, 'ask the question' is modeled. For example, when they hear the phoneme 'c' without seeing the grapheme, it could be any of the three options, so the children are encouraged to 'ask the question'... "Is it 'c' as in cat, 'k' as in kitten or 'ck' as in duck?" The children are then told the correct grapheme. This strategy is also encouraged to 'ask the question' during the application section. For example, when the children are asked to write a word e.g. 'kit'. When they 'ask the question' the children MUST display knowledge of the possible options and are asking the question in full.

Books

In order to apply their decoding and comprehension reading skills, it is important that children have plenty of opportunities to read texts that are fully decodable at the phonics level that they are working. Children should be reading books at 90% fluency and should not be reading texts that are too easy or beyond their phonics level or understanding. Decodable texts should only contain the sounds and common exception words that the children know, to allow them to read with fluency and confidence while applying their developing skills effectively. Our progression links with books from the My Letters and Sounds range by Schofield and Sims which focus on the new sounds the children have learnt that week.

The Full Progression

Year Group	Objectives
Reception	<p>Say a sound for each letter in the alphabet and at least 10 digraphs. Read words consistent with their phonic knowledge by sound-blending Read aloud simple sentences and books that are consistent with their phonic knowledge, including some CEWs.</p> <p>Write recognisable letters, most of which are correctly formed. Spell words by identifying the sounds in them and representing the sounds with a letter or letters.</p> <p>Write simple phrases and sentences that can be read by others.</p>

Year Three, Four, Five and Six

Continue to refer to Phonics and ‘Asking the Question’ as a strategy for spelling, refer to the Y3/4 and Y5/6 spelling appendix.

3/4	<ul style="list-style-type: none"> ● To use further prefixes and suffixes and understand how to add them ● To spell further homophones ● To spell words that are often misspelled ● To place the possessive apostrophe accurately in words with regular plurals and in words with irregular plurals ● To use the first two or three letters of a word to check its spelling in the dictionary ● To write from memory simple sentences, dictated by the teacher, that include words and punctuation taught so far
-----	--

5/6

- To use further prefixes and suffixes and understand the guidelines for adding them
- To spell some of the words with 'silent' letters
- To continue to distinguish between homophones and other words which are often confused
- To use the morphology and etymology in spelling and understand that the spelling of some words needs to be learned specifically
- To use dictionaries to check the spelling and meaning of words
- To use the first three or four letters of a word to check spelling, meaning or both of these in a dictionary
- To use a thesaurus
