

Beavers Curriculum Intent

Respect – Honesty – Determination – Cooperation – Equality – Kindness

Beavers will, without excuse or compromise, provide the best start to life for all of the children in its care.

Here at Beavers, we want all our children to feel successful by instilling a confidence, enthusiasm and curiosity for maths. Due to our school's high mobility rate, we use a spiral approach and have carefully sequenced our topics to ensure that the children can retrieve, recap and review their learning. We are committed to delivering a curriculum that instils the importance of maths in children's lives and in the wider world, allows them to make connections across the subject and provide them with the foundations to use their mathematical skills throughout school and throughout their adult lives.
