

Beavers Curriculum Intent

Respect – Honesty – Determination – Cooperation – Equality – Kindness

Beavers will, without excuse or compromise, provide the best start to life for all of the children in its care.

The Vision for history at Beavers Community Primary School is for all children to develop a sense of awe and wonder for learning about the past through a wide range of teaching and learning styles suited to their strengths and needs; they will become astute at making connections between chronological concepts and their own lives as they are placed at the heart of a subject that is designed for them, about them with the intent of widening their life opportunities, raising their aspirations and advancing their ambitions. Through the investigation of various resources such as artefacts, stories, pictures and writing, children will become independent historians. They will assimilate new learning with prior understanding. History introduces and reinforces the skills of argument, hypothesis, chronology and sequencing, awareness of view point, observation, evaluation, research, comparison, deduction, and re-enactment. As a result, history lessons at Beavers will develop children's questioning and curiosity into how and why things have happened.
