Issue 22
21st March 2025

NEWSLETTER

Firstly, thank you for supporting our Red Nose Day celebrations, which took place today. The children thoroughly enjoyed the day filled with fun activities, including assemblies that highlighted the importance of the day; fundraising efforts showcasing our children's creativity; and a delightful staff bake-off that added a sweet touch to our celebrations. Thank you for your participation and enthusiasm, which made the day a success.

I am pleased to share that our Choir had the remarkable opportunity to perform at Voice In A Million at Wembley Arena. This was a fantastic experience for our young performers - thank you to Mrs. Newman, Miss Wells, and Miss George for their dedication in organising this memorable event. Also this week, our Year 2 children enjoyed a wonderful trip to the Science Museum. This excursion provided them with valuable learning experiences, and I am delighted to hear how much they gained from it.

In school, we had rail safety assemblies, where our children learned essential skills related to rail safety. They developed decision-making skills and the ability to identify dangers and risky behaviours.

Yesterday, our KS2 students were an enthusiastic audience for the Talent Show. The range of talent displayed—from music to gymnastics, singing, and dancing—was truly inspiring. Congratulations to all participants for their courage and commitment in showcasing their abilities.

Looking ahead, please be reminded that we will host a Book Fair and Parents Evenings next week. These events provide an excellent opportunity for you to engage with the school community and support your child's learning journey.

- March—Equality**
 21st Y4 Lilac Assembly

| Sky—Zach | |

The 2025 Talent show took place this week. The audition judges were Ishaan, Zoe, Logan and Harry. They all did a brilliant job. We had 24 groups to choose from but could only put forward 7 for the finals.

The Inventors made their own football pitch this week. If you would like to join the club, please use the inventors link <https://uk.theinventors.io/school/beavers-community-primary-school/>
 In April (Summer 1) we will be introducing two new clubs. Both use links to join and pay. Two assemblies about them will take place after Easter.

Our Storytelling Clubs offer a fun and creative space where children develop literacy skills, boost confidence, and explore their imagination. Through reading performance, music, sound, illustration, and creative writing, kids engage in storytelling that increases communication skills and creativity. Led by experienced Club leaders with acting backgrounds, each session is tailored to different age groups, providing a safe and interactive environment. Perfect for improving self assurance and developing storytelling skills. Our clubs cater to children from Reception to Year 4 currently. Book in your child today and watch them grow into an amazing storyteller!

The Nursery children really enjoyed making their bear biscuits. They used a bear cutter and raisins to decorate their bears. Happy bears!

The Nursery children had a wonderful time decorating their biscuits to make their Red Nose creations. Happy Red Nose Day!

A Group of year 5 children took part in a mini football tournament on Thursday lunchtime on the school's muga. All the children that took part had a great time playing football in the sunshine.

Year 3 and 4 had the most amazing football tournament today. They had so much fun and were excellent role models all day. A big thank you to the football mums who supported us today.

Year 2 had a wonderful time at the Science Museum on Thursday despite having severe delays on the tube! They saw a replica of Apollo 11 on the moon and enjoyed watching the interactive planets!

On Wednesday, Beavers Choir travelled to the OVO Wembley Arena to perform in the Voice In A Million concert. All their hard work over the past few months came to an end as they sang and danced their hearts out performing to over 8,000 people. Although it was a long day, everyone thoroughly enjoyed themselves and can't wait to return to perform next year. The choir teachers are extremely proud of them. Well done Beavers Choir !

Using AAC to Support Non-Speaking Autistic Children's Communication

"To have a way to communicate has changed my story completely. Having reliable communication methods are crucial for all autistic people to be heard. Real acceptance can only happen when real communication happens." - Stephanie Pringle (non-speaking autistic and AAC user)

"Having the ability to share what was on my mind was life-changing. It was the difference between having things done to me versus my having a say in how I chose to live my life." - Niko Boskovic (non-speaking autistic and AAC user)

"Now that I can communicate with others through my letterboard, I see there are so many missed opportunities for giving the perspective of people like me, and I hope more of you make room for more of us in decisions that affect our lives." - Niko Boskovic

"The assumption was that I had no understanding and professionals saw my behavior as being unintelligent. They focused on my behavior and made the assumption that I would not be able to express myself with any form of language." - Jordyn Zimmerman (non-speaking autistic and AAC user)

"Non-speakers who have access to communication are the best resource when it comes to learning about non-speakers." - Damon Kirsebom (non-speaking autistic and AAC user)

Is Your Child Non/Minimally Speaking?

Join Contact Hounslow and Ali Battye for a FREE online workshop on how to use a high-tech **Augmentative and Alternative Communication (AAC)** device to help them communicate

We Will Cover:

How to introduce an AAC system | Real case studies with video examples | How to programme an AAC for GLPs | How to encourage AAC use | Explore different AAC APPS

About the speaker: Ali Battye is a qualified Speech and Language Therapist specialising in autism, Gestalt Language Processing, and AAC. She is the author of multiple books including *Who's Afraid of AAC?* and *Navigating AAC*.

Sensory Processing and Sleep Workshop

Is your neurodivergent child struggling with sleep?

Join Contact Hounslow and Nickie Sutton from Peak Sleep to explore how **sensory processing differences can affect sleep**. Sensory sensitivities can make sleep difficult. In this workshop, Nickie will share common challenges and evidence-based strategies to improve sleep.

We Will Cover:

What is sensory processing? | How sensory processing can affect sleep | Simple, evidence-based strategies to improve settling and night waking

About the speaker: Nickie is a qualified and experienced Sleep Practitioner with expertise in supporting children and adults with autism and ADHD. She developed and delivered the innovative sleep program for the Autism Skills Course at Space4Autism.
